## Weekly Picks From the Band

### Book of the Week

[\*On the Road\*](#) is a largely autobiographical work based on the spontaneous road trips of writer Jack Kerouac and his friends across mid-century America. It is often considered a defining work of the postwar Beat Generation that was inspired by jazz, poetry, and drug experiences. While many of the names and details of Kerouac's experiences are changed for the novel, hundreds of references in *On the Road* have real-world counterparts.

### Movie of the Week

[\*Full Metal Jacket\*](#) is a 1987 war film by Stanley Kubrick, based on the novel *The Short-Timers* by Gustav Hasford. The title refers to the full metal jacket bullet type of ammunition used by infantry riflemen. The film follows a squad of U.S. Marines through their United States Marine Corps Recruit Training and depicts some of the experiences of two of them in the Tet Offensive (1968) during the Vietnam War.

Billboard's Pop Albums chart in the US, eventually going platinum there. *Powerage* was re-released in 2003 as part of the AC/DC remasters series.
